Silver

Ages 11-17, Green ball – Yellow ball

Silver I: Tuesday 4-6; Sunday 12-2 • Silver II: Wednesday 4-6; Sunday 2-4

Silver I: This program is for students aged 11-17 who are still building a solid foundation, transitioning from green ball clinics and those who are new to playing tennis and are being introduced to the game possibly for the first time. Players in this group will range in skills and ability. The introductory levels will be taught initially with the green balls to help them become successful at rallying and to shorten the learning curve with a slightly slower and lower bouncing ball. This will help the child maintain a consistent contact point.

\$210 per session / \$40 per class

Silver II: This program is designed for students aged 11-17 who have experience playing the game of tennis and have a good foundation. This group is designed for players who have come up through the program but choose not to play tournaments but are rather thinking about playing on their school teams in the future or even to learn a lifelong sport. This group will include JV players and high school students who are playing doubles on their teams and may include some singles players as well. This program will touch on singles play but will place a higher emphasis on doubles play.
